

MUSEUMS, CASTLES AND CULTURAL SITES

HOLIDAYING SAFELY

Holidaying safely in Trentino: museums, castles and cultural sites

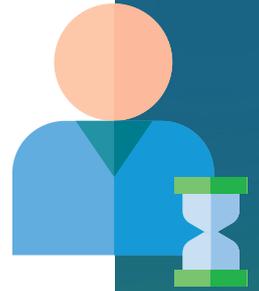

As of 2 June, it is possible to visit all museums, castles and cultural sites in Trentino. Iconic, interactive, open-air, small or simply unique, there truly is something for everybody: from Rovereto's Museum of Modern and Contemporary Art to the Science Museum in Trento; from our many breathtaking castles to the land art of Arte Sella; and from the pile-dwellings of Ledro to the fascinating artefacts at the Museo degli Usi e Costumi della gente trentina. You will be spoilt for choice!

Naturally, these cultural sites have also implemented a range of procedures to protect the health of visitors and staff. This brief guide will provide you with the information you need to organise an enjoyable and stress-free visit.

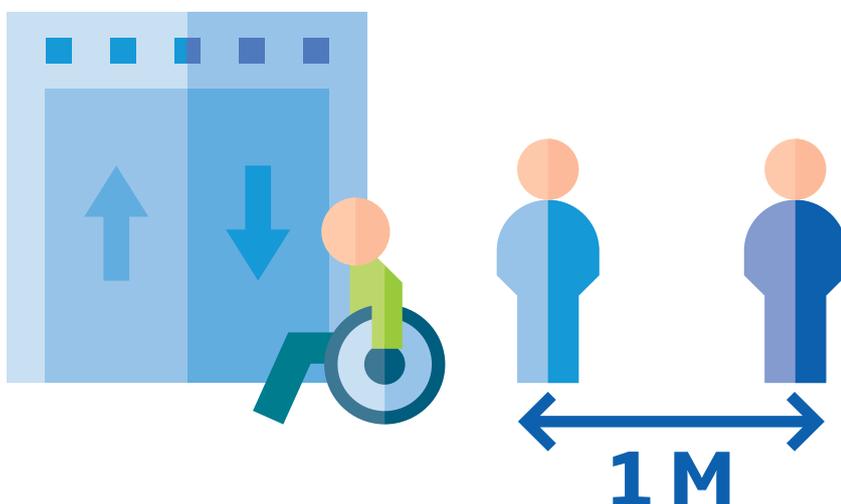

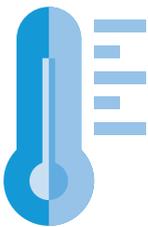

What we're doing to take care of you

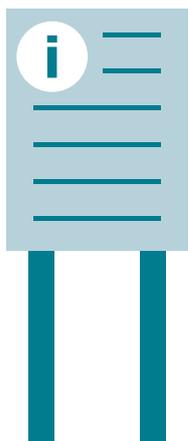

To guarantee the full safety of visitors and staff, **admissions** will be **limited** and anyone entering must observe a number of simple rules.

REMEMBER!

- Wear a **mask**
- **Sanitise your hands** with the products provided
- Maintain **safe distancing** of at least 1 metre from other visitors, and follow the routes marked out by the venue
- Access is prohibited to those with a temperature of **37.5°C** or higher. Remember, you may be asked to consent to a temperature check before admission
- To prevent gatherings, **lifts** may be reserved exclusively for users with **disabilities** or **limited mobility**.

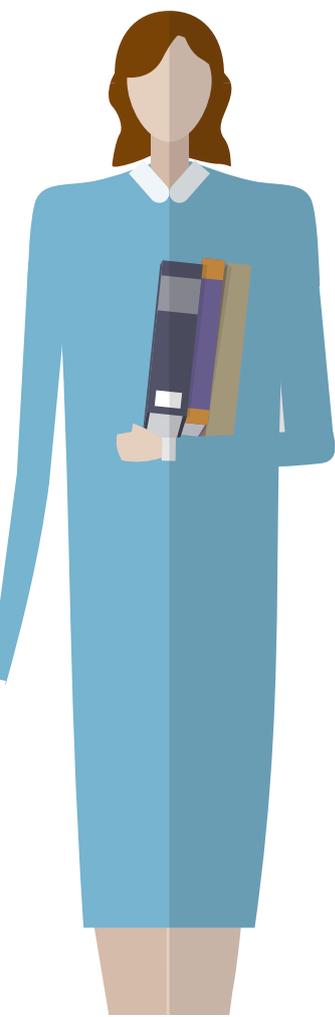

Depending on the amount of available space, museums may implement additional measures. You will always find these listed on special **notices** located at the entrance and on their websites.

An admissions policy will also be displayed at the entrance, containing all the **useful information for your visit** such as openings, times, procedures, maximum numbers permitted and booking procedures.

Speaking of **booking**, it is recommended and, in some cases mandatory, to book in advance by contacting the individual museums online or by telephone, in order to avoid gatherings.

1500 National COVID emergency number	112 Unique number for other types of emergencies
